

Fundação Estudar investment in future leaders

São Paulo, April 2010 - Since 1991, Fundação Estudar, a nonprofit organization founded by entrepreneurs, supports future leaders' formation through education incentive. Every year, the institution offers scholarships to excellent students of Management, Law, Economy, Engineering, International Relations, Politics and Computers in the best universities undergraduate and graduate programs of Brazil and abroad. Apart from the scholarships allowances, Fundação realizes a career monitoring program including courses, workshops and networking among scholars and sponsors. Currently, almost 40 enterprises are partners of the foundation.

Fundação Estudar looks for people with academic excellence, ethics, leadership spirit, entrepreneurship, pro-activity, ability to perform and commitment to the country to become scholars. In these 19 years of work, more than 450 careers were supported, in a direct investment of USD 7 millions. Its scholars became leaders in different fields, multiplying the positive impact in their lives and careers.
